Welcome to Ideal Cabinetry

Buying a Kitchen Can Be a Hassle, so We Changed It

Our leadership team has over 30 years of experience, providing homeowners and remodeling professionals with innovative, high quality, high value cabinetry products.

In 2006 we assembled a team of experienced cabinetry professionals and founded Ideal Cabinetry LLC, located in Bartow, FL. Initially producing all plywood kitchen and bath cabinets in a 60,000 sq. ft. building, the factory has since expanded three times and now totals approximately 600,000 sq ft. of manufacturing. The latest expansion, completed in 2017, was custom built to house a state of the art panel processing factory. From this building, all the panel components needed to build our cabinetry lines are supplied.

Today, in addition to Ideal Cabinetry's semi-custom kitchen and bath cabinets, the factory also produces Weatherstrong Outdoor Cabinetry. And every order is produced and shipped in ten business days or less! However, we understand that producing a quality product in a short time frame is only part of the equation. Providing the best, most responsive, customer experience is just as important. As the remodeling market evolves and changes, Ideal Cabinetry continues to grow and innovate to meet our customers changing tastes and needs. We look forward to showing you the Ideal Cabinetry difference!

FULL OVERLAY DOOR STYLES AND FINISHES

Ideal Cabinetry's semi-custom kitchen and bath cabinets feature 'Full Overlay' doors and drawer fronts. This means that they fully overlay the face frame of the cabinet, to create a more contemporary seamless appearance. Our full-extension drawers are crafted from solid hardwood with dovetail carpentry joints. 'Soft Close' doors and drawers are standard on most cabinets.

SHAKER RECESSED PANEL

This shaker door style with crisp lines and simple detail is perfect in any kitchen from country to contemporary.

OUTDOOR CABINETY DOOR STYLES AND FINISHES

With a desire to spend more quality time outdoors, Weatherstrong Outdoor Cabinetry was designed with your lifestyle in mind. Our cabinets are manufactured in the USA from 3/4" thick All-Weatherboard™ a waterproof composite material. Doors and drawer fronts are made from High Density Polyethylene (HDPE) or Marine Grade Polymer (MGP) in a selection of styles and finishes. Cabinets are factory built to order in a wide variety of sizes and configurations, making Weatherstrong cabinets ideal for outdoor kitchen, wet room and garage applications.

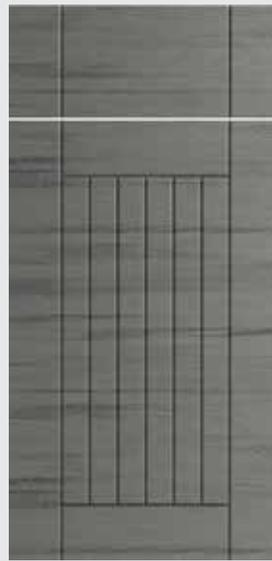

MIAMI

SANIBEL

DAYTONA

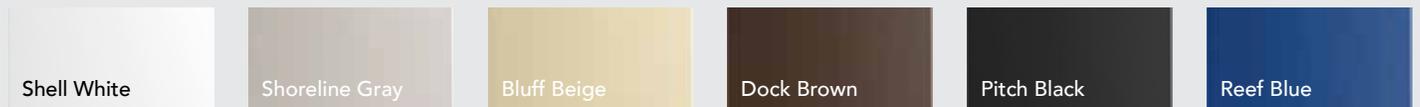

TAMPA

Cabinets are recommended for indoor wet or dry areas such as laundry rooms and garages or for any outdoor space where surface temperatures do not exceed 220° F.
