Factory Built: Weatherstrong outdoor cabinets are built to order and ready to be installed. The All-Weatherboard™ composite material cabinet boxes are constructed using precision dowel alignment and a solvent free marine adhesive that provides excellent bond strength.

Limitations: Finishes with ☀️☀️ logo are recommended for indoor wet or dry areas such as laundry rooms and garages or for any outdoor space where surface temperatures do not exceed 220° F. Finishes with our 🌤️ logo are recommended for indoor wet or dry areas such as laundry rooms and garages or any outdoor space in shaded or partially covered areas where surface temperatures do not exceed 140° F.

Salt Water Environments: Oceanfront environments with salt air and sea spray will require regular maintenance and cleaning to prevent rust from forming on the handles, hinges and drawer runners. Clean stainless steel surfaces several times a month to keep the chemical reaction from the salt from gaining a foothold on the hardware. With regular cleaning, your cabinets will look like new for many years. To achieve maximum corrosion and stain resistance, the surface of the stainless steel must be kept clean.

Installation to Exterior Walls: WeatherStrong can be installed indoors or out. To fasten cabinets to stucco, brick, or concrete block walls, stainless steel Tapcon® fasteners are recommended (3/16" x 2¾"), sold separately. For base cabinets two fasteners are recommended, and four are recommended for wall cabinet installations.

THE WEATHERSTRONG DIFFERENCE

Weatherstrong Outdoor Cabinetry boxes are manufactured in the U.S.A. using a waterproof $\frac{3}{4}$ " thick All-Weatherboard™ composite material. Cabinet doors and drawer fronts are made from High Density Polyethylene (HDPE) or Marine

Grade Polymer (MGP) in a selection of styles and finishes. Cabinets are factory built to order in a wide variety of sizes and configurations, making Weatherstrong cabinets ideal for outdoor kitchens, wet rooms and garage applications.

Applies to Standard
Finishes

1	Cabinets	Cabinet boxes are constructed from $\frac{3}{4}$ " thick All-Weatherboard™ composite material. Exposed sides and island backs require matching cover panels.
2	Hinges	Soft Close 6-way adjustable stainless steel hinges
3	Back Panels	Wall Cabinets are available with an Open Back, or a $\frac{3}{4}$ " thick Full Height Back
4	Adjustable Shelves	$\frac{3}{4}$ " thick All-Weatherboard™ composite material. Full depth adjustable shelves in Wall & Base cabinets
5	Back Panels	Base Cabinets are available with an Open Back, or a $\frac{3}{4}$ " thick Full/Island Back
6	Drawer Glides	Side mounted, ball bearing stainless steel drawer runners
7	Adjustable Legs	Base cabinets are shipped fully assembled, ready to be installed on 'Sure Level' adjustable polymer legs (included). Each leg rated for 330lb static load. Snap on matching toe kick is optional for on-site modification and installation. Decorative stainless steel legs also available as an accessory.
8	Drawer Box	$\frac{3}{4}$ " thick All-Weatherboard™ composite material construction: four sides and bottom panel. 6" high top drawer front with 3" high drawer box. 11- $\frac{3}{4}$ " high Deep Drawer front with 7" high drawer box.

Exposed Sides & Backs: Cabinet sides and backs that will be exposed to direct sunlight and other weather elements MUST be covered by a matching end panel in coordinating HDPE or MGP. Failure to install these protective panels will void the cabinet warranty.

Clean Up: Wash WeatherStrong with water and a soft cloth or sponge. A mild dishwashing liquid can be used if needed. A soft bristle brush may be used if needed.

Countertops: Granite and other natural stone materials are ideal with WeatherStrong Cabinets. Be sure to consult the supplier's recommended maintenance practices to keep your countertop looking its best.

DOOR STYLES

NEW DOOR STYLE!

CONSTRUCTION OPTIONS

OPEN BACK CABINETS

WALL CABINETS

BASE CABINETS

Open Back Wall Cabinets feature an open back design with two $\frac{3}{4}$ " thick and 3" high All-Weatherboard installation rails (top and bottom) for secure wall mounting. Open Back Base Cabinets feature an open back design with three $\frac{3}{4}$ " thick and 3" high All-Weatherboard™ composite material installation rails (top, middle and bottom) for secure wall mounting. Open Back cabinets are more affordable and must be used in conjunction with Bar Riser Kits to create freestanding raised bar counters.

FULL BACK / ISLAND BACK

WALL CABINETS

BASE CABINETS

Full Back wall cabinets and Island Back base cabinets feature a full-height $\frac{3}{4}$ " thick enclosed All-Weatherboard™ composite material back panel. Island Back base cabinets can be installed as a freestanding island, or as a peninsula extending from a wall.

PLEASE NOTE: Freestanding Islands and peninsulas must be secured to the floor

BASE CABINETS

Base cabinet construction features a 30" high cabinet box which must be mounted on-site on 4 $\frac{1}{2}$ " high 'Sure Level' adjustable polymer legs. Legs are adjustable from 4" to 5 $\frac{1}{2}$ " high. Optional stainless steel adjustable legs are available as an accessory. Optional snap on matching toe kick panels are available 6" high x 96" long, for site modification and installation.

BAR RISER KIT

Bar Risers are 4" deep by 36" high and are available in 3" width increments from 12" to 48". When securely attached to the back of a 34 $\frac{1}{2}$ " high Open Back base cabinet, the top of the riser will be approximately 40 $\frac{1}{2}$ " from the floor. These field installed kits feature a full-height $\frac{3}{4}$ " thick enclosed All-Weatherboard™ composite material back panel and can only be paired with the open back base cabinets. These kits will turn almost any base cabinet into a two-level bar.

PLEASE NOTE: Exposed cabinet sides and backs MUST be covered by a matching end/island panel

Blind Base Tip: The Blind Base cabinet is 36" wide. It must be installed from 3" to 9" away from the adjacent wall. This allows the door full clearance and provides a flexible installation range. From the adjacent wall to the far edge of the cabinet, a minimum width of 39" to a maximum width of 45" is required.

Blind Base Tip: The Blind Base cabinet is 36" wide. It must be installed from 3" to 9" away from the adjacent wall. This allows the door full clearance and provides a flexible installation range. From the adjacent wall to the far edge of the cabinet, a minimum width of 39" to a maximum width of 45" is required.

ISLAND BACK SIDE BURNER CABINETS

IMPORTANT INFORMATION

Side Burner base cabinets with a width of 15" to 24" include 4 ventilation outlets to allow the release of possible heat or gas buildup.

- 1 in the toe kick panel
- 1 in the base shelf
- 2 loose, to be used on the exterior of the base cabinet at the end of a cabinet run. Placement will be high or low depending on the type of gas (LP vs. NG)

Side Burner base cabinets with a width of 30" include 6 ventilation outlets to allow the release of possible heat or gas buildup.

- 2 in the toe kick panel
- 2 in the base shelf
- 2 loose, to be used on the exterior of the base cabinet at the end of a cabinet run. Placement will be high or low depending on type of gas (LP vs. NG)

Please Note: Heat Liner must be used with all Side Burner and Grill Cabinets

Side Burner Single Door Base

- The face plate is modified in field to accept the respective heat liner used with the side burner
- 3/4" All-Weatherboard™ composite material cabinet construction
- Fully integrated back panel
- Includes 4 'Sure Level' polymer legs, shipped loose for field installation and leveling
- Available in all door styles and finishes
- Separate toe kick with vent included

Please Note: All built in side burners require an insulated jacket. Please consult your side burner manufacturer for the appropriate model.

Side Burner Double Door Base

- The face plate is modified in field to accept the respective heat liner used with the side burner
- 3/4" All-Weatherboard™ composite material cabinet construction
- Fully integrated back panel
- Includes 4 'Sure Level' polymer legs, shipped loose for field installation and leveling
- Available in all door styles and finishes
- Separate toe kick with vent included
- Stainless steel handles sold separately

Please Note: All built in side burners require an insulated jacket. Please consult your side burner manufacturer for the appropriate model.

*Grill and side burner cabinets are manufactured with two full upper face plates that will need to be field modified to accept the respective heat liner used with the gas grill or side burner.

The second matching panel will be shipped loose for ease of modification and installation. It can be attached with stainless steel screws or a suitable construction grade adhesive. Under no circumstance should a grill or side burner be installed without the appropriate heat liner specified by the manufacturer of the appliance.

ISLAND BACK GRILL CABINETS

Grill Double Door Base

- The face plate is modified in field to accept the respective heat liner used with the gas grill
- 3/4" All-Weatherboard™ composite material cabinet construction

Outdoor Cabinetry

Limited Warranty

Ideal Cabinetry® (warrantor) warrants to the original consumer purchaser, that the WeatherStrong® branded outdoor cabinets will be free from defects in material and workmanship under normal residential use. The warranty for the Designer Series is for your lifetime as long as you own the cabinetry, and is not transferable. The warranty for the Standard Series is for a period of five years as long as you own the cabinetry and is not transferable. Both warranties are expressly limited to the cabinet carcass, doors, drawers, and shelves. Proof of purchase is required. Items not listed in this warranty are not covered by this warranty. No other warranty express or implied, is applicable to this product. Separate components not produced by Ideal Cabinetry such as countertops, grills, appliances, stainless steel handles, hinges and drawer glides are not covered by this warranty.

This warranty does not cover damage resulting from normal wear, excessive heat, surface temp >140°, natural aging, accident, misuse, or lack of reasonable and necessary maintenance and service; nor does it warranty the improper installation or unauthorized repair, alteration, modification or defects in the product when the product is installed. This warranty is limited to the repair or replacement of the defective part at the sole discretion of warrantor.

Although Ideal Cabinetry uses the best available materials and does extensive testing for finish endurance, some fading may occur and is considered normal. For coastal locations, some deterioration is considered normal wear in this environment.

It is our option to provide repair parts or replace with functionally equivalent product. Return of product may be required for replacements. Such repair parts or replacement shall be at warrantor's expense, but customer shall bear all other expenses, including, but not limited to, cost of removal, transportation, re-installation, communication and any special service required by customer such as, overtime labor, etc. Ideal Cabinetry shall not be liable for the loss of use of the product, inconvenience, loss or any other damages, direct or consequential, arising out of the use of or inability to use the product. Due to the nature of the product, replacement product may vary from original purchased product.

In the event of a WeatherStrong brand warranted product performance issue, submit request including proof of purchase documentation, specific description of warranty issue (include photos) in writing to:

Warranty Department
210 Century Boulevard
Bartow, FL 33830

Ideal Cabinetry reserves the right to alter design, specifications and material without obligation to make changes to product previously manufactured.

EXCEPT TO THE EXTENT PROVIDED BY APPLICABLE LAW, ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE SHORTER OF THE PERIOD PROVIDED BY LAW OR THE PERIOD OF THIS WARRANTY, AND UNDER NO CIRCUMSTANCE SHALL IDEAL CABINETRY BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES SUSTAINED IN CONNECTION WITH THE PRODUCT. THE EXPRESS WARRANTY ABOVE CONSTITUTES THE ENTIRE WARRANTY AND IS IN LIEU OF ALL OTHERS EXPRESSED OR IMPLIED.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, therefore, the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

INDEMNITY

Ideal Cabinetry shall not be liable for either its failure to perform or its delays in performance hereunder arising out of or resulting from causes beyond its control, including but not limited to, acts of God, acts of Representation, acts of Government, wars, fires, floods, epidemics, quarantine, strike, freight embargoes, weather, or default by suppliers due to any such causes.
