

Door Styles & Designs

Door Styles

Flat

Slab style door without a raised or recessed panel. Perfect Match for both traditional and contemporary looks.

Miter

Beautiful mitered door assembled by cutting the stiles and rails at a 45-degree angle.

Molding

From simple to ornate, classic to modern, add an accent with the decorative molding door.

Tenon

Tenon door is considered one of the strongest woodworking joints for attaching two pieces of wood at 90 degrees.

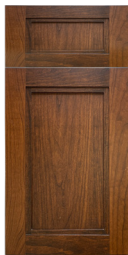

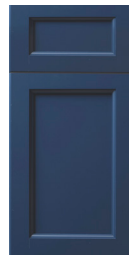

Shaker

Features a flat center panel and square edges. With minimal detailing, shaker is one of the famous door styles.
